

FIERCE BLIZZARD IN THIS STATE

NORTHERN WISCONSIN TOWNS SUFFER SEVERELY.

Snowdrifts in Some Places Twenty Feet Deep—Heavy Floods at Rochester, N. Y., and Throughout the South and Southwest—South Dakota Trains are Late.

Milwaukee, Wis., April 2.—Reports from northern Wisconsin tell of a complete snow blockade on many railroads. The drifts are from ten to twenty feet deep.

At Superior no freight train has been started by any road since Tuesday noon, and the attempts made by some of the roads to run passenger trains are not very successful. From Bayfield, Ashland, Hurley and other northern points similar reports come. At Marinette an ice ridge thirty to forty feet high and seven miles long has been formed on the bay shore.

Madison, Wis., April 2.—A mild April shower which began falling Wednesday evening transformed itself into a howling blizzard, which raged over this section.

Mendota, Ill., April 2.—A northwest gale has prevailed here since early Wednesday morning and the temperature during that time has fallen forty degrees. Freezing weather prevails, but the fruit trees, it is thought, are not advanced enough to be injured.

West Superior, Wis., April 2.—The head of the lake is again experiencing an intermittent snow storm. All of the railroads are attempting to move out their passenger trains, although the freights are still abandoned where they happen to be. A number of lost children have been reported, but all have since been accounted for.

Port Arthur, Ont., April 2.—The blizzard has struck this region and is blocking the railroads.

IN THE SOUTH AND SOUTHWEST.

Heavy Rains Swell the Cumberland and Other Rivers.

Louisville, Ky., April 2.—Dispatches report an unprecedented rise in the Cumberland river and other southern streams. The rains have swollen all the mountain streams in the neighborhood of Williamsburg, Ky., and booms to the value of \$40,000 are in danger of being swept away. Heavy rains have washed away the dam at Annis Mills and Faulkner's Mill, which supplies the water power by which electricity was generated for use in the town of McMinnville, Tenn. The town will be without lights for some time, and a number of people are thrown out of work. The worst flood that has visited East Tennessee in years is prevalent in that section. Washouts and landslides are reported along the lines of railroads. A number of factories at Knoxville, Tenn., have ceased operations, and several houses along First creek were washed away. All streams continue to rise rapidly. East Analee creek, at Athens, Tenn., is higher than it has been for thirty years. The streets and sidewalks of the town are ruined and many houses are flooded. The sawmill of W. J. Long and 10,000 feet of lumber, the dam and engine-room of the Athens roller mills, all molds and patterns of the Southern iron works, and the feed and grist mill of Heil & Goudy are washed away.

Middlesboro, Ky., April 2.—Easter and Allie Anderson and their three children, together with two horses, were drowned by the freshet in Powell's river. They lived on its banks in Lee county, Virginia, twenty miles from here, and the river came down with such force that they were overtaken and drowned before they could escape. The latest news from that section indicates great loss of property and stock. The Cumberland, Clinch and Powell rivers are out of banks. Nine trestles on the Middlesboro railway are gone. A trestle and sixty feet of track on the Louisville & Nashville at Watota washed out. No mail has been received for twenty hours, and all traffic is suspended. The telegraph wires are under water at Barboursville.

Nashville, Tenn., April 2.—A large part of Athens, Tenn., is under water, and between \$20,000 and \$30,000 damage has already been done. The streets and sidewalks are ruined. It is still raining, and the water will rise another foot.

Hot Springs, Ark., April 2.—Hot Springs was visited by a big storm Tuesday night. It rained and hailed in torrents, and the wind was terrible. Much damage was done.

TRouble in Minnesota.

Railroads Blocked in Every Direction by the Snowdrifts.

St. Paul, Minn., April 2.—The railroads saw the result of Tuesday's phenomenal storm yesterday, nearly all of them suffering to a greater or less extent. The Chicago lines were but little affected, but trains from the north and west were several hours late, and the Omaha night train from Duluth was abandoned because of drifts near Duluth ranging upward of ten feet deep. The Great Northern suffered heavily, bad wires making it more difficult to start trains. It is believed all roads will soon be in good shape once more. The snow ranged from a few inches in this city to two feet and over at St. Cloud, and was drifted badly. The storm extended over more than half of

Minnesota and over northern Wisconsin as well.

The Swedish Lutheran Emmanuel church on Matilda avenue was struck by lightning during the snow storm last night, and badly damaged. No other damage to property is reported in this city, the chief effect of the storm being on the railroads, all of which suffered to a greater or less extent. In the Twin Cities and some other places the storm practically blocked all business for the time.

Tremendous Floods in New York.

Rochester, N. Y., April 2.—Rochester is experiencing one of the greatest floods in its history. The Genesee river, which flows through the center of the city, continues to rise. The cellars of all the big buildings in the center of the city are flooded, and every available engine is being utilized in the effort to pump them dry. A torrent of water rushes down through Market street in the city, and the firemen are kept busy responding to pump calls. It was found necessary to rescue a number of persons from the dwellings with row boats. Railroad tracks everywhere are submerged. A large lumber yard on the bank of the river has started from its moorings, and it is feared that if it comes down the entire central portion of the city will be flooded. Thousands of acres of farm lands up the stream are flooded.

Trains Delayed in South Dakota.

Huron, S. D., April 2.—This immediate vicinity seemed to escape the severity of Tuesday's snow and wind storm. Only two inches of snow fell here. It was very wet and accompanied by a forty-mile-an-hour wind. To the north and west about the same amount of snow fell, but to the south and east the fall was from a foot to eighteen inches, increasing in depth from Salem, in northwestern Iowa, and from De Smet, east into Minnesota. All trains were delayed. Telegraph communication with the east was cut off till Wednesday afternoon, when a wire with St. Paul was obtained via Sioux City. No eastern mail was received here for forty hours.

REPUBLICANS WIN.

Complete Victory in Rhode Island—Democrats Lose Assemblymen.

Newport, R. I., April 2.—The result of the election in Rhode Island was a surprise to many. The great fight in the state was on the no-license question, and although in many places the vote was close, in no place did no-license carry. In Newport the contest was bitter over members of the general assembly, but the republicans elected their entire ticket—one senator and five representatives—by pluralities ranging from 614 to 790. Even the democratic strongholds failed their party.

It had not been generally known that Gov. Lippitt is an advocate of McKinley's nomination. He is the only prominent man in his party in Rhode Island for the Ohio man, Reed being the favorite.

With only five districts in the state to hear from, Gov. Lippitt is re-elected by a plurality of over 10,000. The total vote, with five missing districts, is as follows: For governor, Lippitt (rep.), 25,115; Littlefield (dem.), 15,638; Lippitt's plurality, 9,477. Last year Gov. Lippitt carried the state by 10,721, and his plurality this year will be about the same figures. The democrats will have three members in the assembly, a loss of five over last year.

A BIG CONVENTION.

Prohibitionists of Illinois Expect to Have a Great Gathering Next Week.

Bloomington, Ill., April 2.—James H. Shaw of this city, secretary of the state central committee of the prohibition party, and who has taken an active part in the arrangements for the state convention, which is to be held in Springfield next Tuesday and Wednesday, says the convention promises to be the largest and most enthusiastic in the history of the party in Illinois. The railroads have made a rate of one fare for the round trip. The issue to come before the convention will be whether the platform shall be a broad one, with a number of planks, including one in regard to silver, or a platform confined to one important plank, the prohibition of the liquor traffic, or the "dominant issue," as it is termed by the party. There are able men and eloquent speakers on both sides of the issue, and it is expected that the convention will be one of the most interesting in the history of the prohibition party in Illinois.

Michigan G. A. R. Officers.

Saginaw, Mich., April 2.—Gen. William Shakespeare, of Kalamazoo, was elected department commander of the Michigan Grand Army of the Republic Wednesday. The other chief officers are: Senior vice-commander, L. W. Lyon, Saginaw; junior vice-commander, J. O. Belaire, Grand Rapids. Greenville was chosen as the place for the next encampment. The Woman's Relief corps chose Mrs. Manda J. Halsted, of Concord, president; Mrs. Nellie Prince Quimby, of Saginaw, senior vice-president; and Mrs. Minnie Lewis, of Muskegon, junior vice-president.

Pope Leo Said to Be Falling.

Rome, April 2.—Unfavorable reports are in circulation regarding the health of the pope.

Wait for Primrose and West; they are here to stay.

BANDITS BALKED BY A TELEGRAM

TRAIN ROBBERS OVERREACH THEMSELVES.

A Passenger Whom They Had Assaulted at Garrett, Ind., Telegraphs Ahead and Warns the Officers—Missouri Bandits are More Successful with "The Cannon Ball."

Walkerton, Ind., April 2.—The west-bound express train on the Baltimore & Ohio railroad, due here at 4:30 a. m. Wednesday, fell into the hands of a desperate gang of train robbers just east of Garrett, the division point of the road.

The train was stopped at Garrett long enough for locomotives to be changed. Five men there robbed a passenger who had left the train of his overcoat, his watch, a considerable sum of money and other valuables. He was struck over the head with a club, thrown from the platform and left lying by the track unconscious as the train pulled out. The robbers climbed on the train and took positions on the platform in front of the express car.

Soon after the train left Garrett the injured passenger recovered his senses, crawled to the telegraph station and notified the operator what had happened to him. He thought that the robbers were on the train, and the operator telegraphed ahead to the station of Bremen, telling Operator Frank Koontz to have a posse of officers meet the train to arrest the outlaws. Marshal Hoffman of Bremen got together ten of the best men in the town.

At dawn, as the train approached the town, the engineer saw five men with drawn revolvers standing on the platform. He brought the train to a stop with the front end of the express car, on which the robbers were riding, near the armed posse in waiting. The robbers were covered and ordered to surrender and to give up their outfit—crowbars and other tools, and a quantity of dynamite. The outlaws submitted to arrest and the ten officers started to march them to the police station.

Half a block away from the railroad station one of them struck an officer to the ground with a club which he had concealed under his coat. Immediately all made a break for liberty. The officers opened fire, and the robbers returned it. For 100 yards a running fight was kept up, in all about twenty-five shots being fired. Two of the robbers were brought down by the bullets from the revolvers of the officers. One was probably fatally shot. Two succeeded in getting away. The one injured man captured and the two who were shot are locked in the police station. They refuse to give their names or to tell where they belong.

There was a large amount of money in the express car, and the Baltimore & Ohio officers feel certain that the men were planning to rob the car near this place, where several efforts at train robbing have been made during the last three years. The Wabash crosses the Baltimore & Ohio at that place, and it is believed the men must have arrived some time during the night on a Wabash train from Chicago. The robbers have been returned to Garrett in custody.

BANDITS GET \$1,277.

Hold Up the St. Louis & San Francisco "Cannon Ball" Near Lebanon, Mo.

Lebanon, Mo., April 2.—The east-bound cannon-ball train, No. 6, on the St. Louis and San Francisco railroad, was held up three miles east of this city at 1:05 a. m. Wednesday by three masked men, and the express safe blown open and robbed. The robbers boarded the train at this place at 12:50, and after reaching the scene of the robbery held up the engineer and fireman, stopped the train, and with the engineer in front of them marched to the express car. The messenger refused to open and the door was blown open with dynamite. One of the robbers stood guard over the messenger while the other blew open the safe and took \$1,277. Several packages of valuable papers were found beside the track, also some money which was overlooked.

The passengers were not molested, but many shots were fired to intimidate them. The engine was detached and run by the robbers to Sleepers, where the fire was drawn and it was abandoned. A brakeman hurried back to the city and started Sheriff Jones and a posse of 100 men, with bloodhounds, on the tracks of the robbers. They have not yet been apprehended.

Will Defy the New York Board.

Danville, Ill., April 3.—Tuesday evening about forty of the leading Presbyterian ministers of Illinois and Indiana held a meeting behind closed doors in the parlors of the Presbyterian church in this city. The object of the meeting was to prepare a defense to the charge which will be preferred by the home missionary board of New York against the Illinois and Indiana synods in the highest court of the church when it convenes in Saratoga next May. In Indiana and this state the various synods have been disbursing and managing their own home missionary funds without reference to the New York board. This plan does not meet with the approval of the New York board, which desires to handle all the funds collected.

We have broken the record of all previous attempts by placing the Lyoettes on the market for five cents

THE DAY'S DOINGS AT WASHINGTON

AMUSEMENT FURNISHED IN THE HOUSE.

Respective Politics of the Two Great Parties Attacked and Defended—Senator Call Offers a Radical Cuban Resolution—General Capital News in Brief

Washington, April 2.—The house on Wednesday practically completed the consideration of the sundry civil bill. In the course of a debate on an amendment to appropriate \$75,000 for commencing the erection of a new military post at Spokane, Wash., Mr. Cannon, the chairman of the appropriation committee, made an appeal for economy on the ground that the condition of the treasury was such that no new project should be entered upon by this congress. He was supported in his appeal by Mr. Grosvenor (O.), who insisted that the necessities of the situation must govern. He called attention to the fact that the receipts under the present tariff law for the first nineteen months were \$31,006,000, over \$76,000,000 below the expenditures, and contrasted the receipts under that law with the receipts under the law of 1890, when they aggregated \$566,000,000 for the first nineteen months. He said prosperity to the treasury and to the people would not come so long as the present tariff law remained on the statute books.

Mr. Patterson (dem., Tenn.) replied to Mr. Grosvenor and a political controversy between the two gentlemen took place, which greatly amused the house. Later, Mr. Bowers (rep., Cal.), an ardent free-silver republican, renewed the merriment by resending the attacks made by the manufacturers of Philadelphia and the gold press on the silver republicans, and offered a series of farcical resolutions to the effect that the "silver cranks" should be expelled from congress.

Increase in Immigration.

Washington, April 2.—The immigration officials are somewhat disturbed at the present enormous increase in immigration. During February the number of arrivals at New York aggregated 11,822, an increase of about 65 per cent over the arrivals during February, 1895. Dr. Senner, the immigration commissioner at New York, states that there were 881 barred and detained immigrants kept at the Ellis island station last Monday night, which taxed the accommodation to the utmost. The class now coming to this country is said to be altogether undesirable, even while entitled to admission under a strict construction of the immigration laws.

New Cuban Resolution.

Washington, April 2.—Senator Call of Florida offered a radical Cuban joint resolution Wednesday directing the sending of an adequate naval force to Cuba to put an end to barbarities and to protect American citizens in their treaty rights. The president is instructed to notify Spain that the United States will forcibly intervene unless murder and outrage ceases. The resolution went over.

Senator Peffer gave notice that his motion to take up the resolution for a senate inquiry into the recent bond issues would be made today.

Affairs of the Government.

Washington, April 2.—The monthly comparative statement of the government's receipts and expenditures issued Wednesday shows that total receipts during March were \$26,041,143, and the expenditures \$27,274,993, leaving a deficit for the month of \$1,233,851, and for the nine months of the present fiscal year \$18,759,702. The receipts from customs during March were \$1,536,264, and from miscellaneous sources \$1,160,638.

Ex-Rebels No Longer Barred.

Washington, April 2.—The president has signed the act repealing the statute prohibiting the appointment to the army and navy of persons who held confederate commissions.

CHANDLER EXPLAINS.

Writes a Letter Explaining the Action of New Hampshire's Convention.

Concord, N. H., April 2.—Senator Chandler has written to Senator Lodge explaining the action of the state convention in endorsing both Reed and McKinley, saying that the plank was a concession of the Reed men to the McKinley sentiment. Senator Chandler says that the resolution which declares that New Hampshire would be happy with either Reed or McKinley is the result of politics indulged in by Hanna and Osborne, the McKinley managers, and it was permitted to go through to save a fight in the convention. He asserts that the four delegates-at-large and the alternates chosen are out-and-out Reed men, and that McKinley will receive no favors from them at St. Louis.

Gen. Harrison at New York.

New York, April 2.—General Benjamin Harrison reached the Fifth Avenue hotel about 3 o'clock Wednesday afternoon, accompanied by his secretary, E. C. Tibbott, and ex-Marshall Ramsdell of the District of Columbia, his close personal friend. His wedding with Mrs. Dimmick will occur on Monday afternoon at St. Thomas' Episcopal church, one of the most fashionable places of worship on Fifth avenue.

FIGHT ON PLATFORM.

Prohibition Party Split—Bitter Contention Promised.

Pittsburg, Pa., April 2.—As the time approaches for the national prohibition convention in this city on May 27, 28 and 29, the division in that party is growing more marked and bitter. The controversy grows out of the effort made in the last few years by western prohibitionists to commit their party to industrial reforms as well as to the prohibition propaganda. This has met with determined opposition. The consequent war went on until the meeting of the national committee. There the "single-issue" men, who want the platform to be solely prohibition of the liquor traffic, were slightly in the majority and it was decided to hold the national convention in Pittsburg. This was done in the face of a strong protest from the western leaders. The opposing factions have carried the war into the state conventions and the broad-platform men have attained the greater number of victories—Kansas, Nebraska, Minnesota, Indiana and Massachusetts have already instructed their delegates along the broad-platform line, while only West Virginia and Rhode Island are committed to the single-issue policy. Several other conventions will be held early in April and in every one of them the platform will be the bone of a vigorous contention.

The broad-platform men demand that declarations on all live issues, such as money, tariff, monopoly and suffrage, shall be made in emphatic language, capable of no two interpretations, and occupying a position of exact equality with the prohibition plank and one another. The friends of the other policy would have nothing but the prohibition plank and such other planks as would be adopted by the practically unanimous vote of the national convention.

Since St. John's withdrawal his friends and the broad-platform people generally are flocking to the support of Candidate Bentley of Nebraska. Mr. Bentley is a minister. The heir of the Woolley and narrow-platform strength seems to be Josiah Levering, a wealthy coffee merchant of Baltimore. Mr. Levering has been a prohibition leader in his state for several years, polling a respectable vote as candidate for treasurer and governor. He stands well and would furnish a liberal campaign fund if nominated for president.

Shouters from McKinley's Home.

Canton, O., April 2.—If plans do not miscarry, a monster delegation will leave Canton for the St. Louis convention in June. Republican organizations throughout northeastern Ohio, headed by the Tippecanoe club of Cleveland, are perfecting a scheme to concentrate forces in Canton and move on St. Louis in a body from this point. The Canton contingent will lead the host of McKinley shouters, headed by the famous Grand Army of the Republic band that led the annual parade of the Grand Army at Louisville last September. The delegation will be the largest ever sent from Ohio to a national political convention held outside of its borders.

Illinois Republican State League.

Chicago, April 2.—The executive committee of the Republican state league met yesterday at the Auditorium hotel, Judge C. W. Raymond presiding. Strong delegations advocated the claims of Springfield, Peoria, and Chicago as a place of meeting. Finally the selection of the time and place of holding the convention was left to a committee of five. This committee will meet in a couple of days. The reports from the executive committee showed that the league is in a very flourishing condition. The president was given authority to invite some statesman of national reputation to deliver an address before the state convention.

Says It Will Be All McKinley.

Topeka, Kan., April 3.—Cyrus Leland, republican national committee-man for Kansas, said in an interview that McKinley would be the only man considered for the presidency by the national convention. Asked about his own boom for national chairmanship, Leland said: "McKinley does not want me for chairman, and I am not seeking the place. The man for the place is Hanna of Ohio. Hanna is McKinley's friend, and McKinley would naturally pick him for the chairmanship."

Agreement May Be Reached.

London, April 2.—A dispatch to the Pall Mall Gazette from Paris says there is reason to believe that an agreement has been reached between France and Great Britain relative to the Dongola interests, and that both countries are now safeguarded by mutual concession; the terms of which will be announced in the chamber of deputies soon.

School Difficulty Unsolved.

Winnipeg, Man., April 2.—It now appears absolutely certain that the conference for the settlement of the parochial school difficulty has fizzled out, with the difficulty still unsolved. The dominion commissioners are preparing to leave for Ottawa.

Upsets the Monroe Doctrine.

City of Mexico, April 2.—The most important part of the president's message, delivered at the opening of congress, is an allusion to the Anglo-Venezuelan controversy and President Cleveland's message to congress. The Mexican president vigorously upholds America's interpretation of the Monroe doctrine.

A HEAVY FIRE LOSS NEAR ELKHORN, WIS

THE GROVE CREAMERY IS DESTROYED.

The Loss is \$7,000, Half Insured—Two Livelings Also Burnt—Wealthy Farmer Frozen While Drunk and May Die—Man's Arm Shot Off.

Elkhorn, Wis., April 2.—[Special]—The Elkhorn Grove factory and creamery near here burned this morning. The loss is seven thousand dollars and the insurance four thousand dollars. N. Stubbs' house and C. E. Mower's store were also burned causing a loss of \$4,000, half covered by insurance.

Wealthy Farmer Freezes.

Byron, Wis., April 2.—[Special]—John Foxen, a prominent and wealthy farmer, was found this morning under a fence frozen almost to death. His hands, face and feet were in terrible condition, and he cannot live. He was on his way home intoxicated.

His Arm Blown Off.

Eden, Wis., April 2.—[Special]—As William Shea was taking his gun from a shelf last night to shoot crows, it was discharged and blew his right arm off at the shoulder. He may live.

CAUSED BY SPREADING RAILS.

West Pennsylvania Train Wrecked and Five Persons Injured.

Tarentum, Pa., April 2.—The Butler express on the West Pennsylvania Railway was wrecked near Freeport about 9 o'clock Wednesday and five persons were seriously injured. Their names are:

J. E. McElvly, Butler, Pa., internally hurt; will probably die.
W. H. Walker, Butler, hurt internally.

C. J. McCafferty, Somersville.
William Gray, Bradenton.

William Murphy, Butler.
The last three were cut about the face and hands and are believed to be internally injured. The accident was caused by the rails spreading.

MICHIGAN Y. P. S. C. E.

Annual Convention Opened at Ionia With a Large Attendance.

Ionia, Mich., April 2.—Over one thousand delegates from the various district societies of the Young People's Christian Endeavor of Michigan, together with a number of divines from the Province of Ontario, were present Wednesday at the opening session of the annual convention of the organization, which was presided over by W. H. Strong, of Detroit. The convention, which will be in session for three days, is being held at the First Methodist Church, and the reports to be presented by the district officers will show a great increase of membership and a corresponding amount of enthusiasm in the work during the last year.

Bismarck's Eighty-first Birthday.

Friedrichshagen, April 1.—Prince Bismarck was 81 Wednesday, and in honor of his birthday bands of music played in the Schloss park all the morning. Representatives of the Hamburg senate, bearing the congratulations of the body, and several friends arrived here during the day and waited upon Prince Bismarck, who also received many floral tributes and presents and large numbers of telegrams, including one from Prince Henry of Prussia. Emperor William's present to Prince Bismarck was a photograph of the imperial family, in a group, inclosed in a handsome frame.

To Recover Illinois State Funds.

Carlyle, Ill., April 2.—Attorney General Moloney has filed suit in the St. Clair county court against Henry Seiter for \$23,000, most of that amount the shortage in James D. Baker's accounts while he was warden of the southern penitentiary. The suit is brought on the presumption, it is said, that Baker was the "Co." in the firm of Henry Seiter & Co., in whose bank he deposited the state funds. Suit for \$17,983, the amount of Baker's shortage, was brought by the southern penitentiary and the Illinois asylum for the criminal insane against the Ramsay estate ten days ago.

British Troops for South Africa.

London, April 2.—Owing to the gravity of the situation in South Africa, the government is taking steps to dispatch 5,000 troops to the Cape of Good Hope as soon as possible, to be ready for any emergencies. The directors of the British Chartered South Africa company have formally requested the government to order the immediate dispatch of 500 regular troops from Cape Town to Bulawayo.

Johnson-Watson Contest Close.

Indianapolis, Ind., April 2.—At midnight Wednesday the result of the Johnson-Watson contest in the Sixth congressional district could not be learned. The vote is so close that all of the townships will have to be heard from before the outcome will be known.

Against Imitation Butter.

Washington, April 2.—Members of the agricultural committee express a determination to press for action on the anti-oleomargarine bill which was reported to the house Tuesday.

No shoes reserved. None laid aside. Your pick of the best and shoes at 3 and down. Becker & Woodruff.

WHAT WE SAW DOWN IN ARKANSAS DURING OUR THREE WEEKS' TRIP.

EDITOR GAZETTE—Allow me through your paper to say a few words to the people of this city and vicinity, in description of one of the brightest spots upon the face of this green earth. On the tenth of March last, in company with S. S. Lovejoy, I started to see the home of the big red apple in northwestern Arkansas. We took the 6:35 train from here which landed us in Chicago one hour before the excursion train on the Alton road started. Getting aboard of one of the finest trains in the service of that excellent road, we were hurried across the state of Illinois, through Joliet, Dwight, Bloomington, Springfield and Alton to St. Louis, just one hour before the train started upon the St. Louis and San Francisco road, now operated by the Santa Fe system. Here one does not miss the time for it is taken up by walking about viewing the grandest depot in America, where all trains entering St. Louis stop. There are two trains starting just one hour apart at 8 and 9 p. m. The first is local and stops at all stations. The other starts one hour later and passes about thirty stations between St. Louis and Fort Smith. We chose the first because it gave us more daylight at the end of our route we wished to see most. It landed us at our first stopping point, Rogers, at 9:58 a. m., just twenty-seven hours from the time we took the train at Janesville. Rogers is a city of 2,200 people, situated at an altitude of 1,600 feet above sea level, just as we enter the table lands of the Ozark mountains. It did not take us long to see we had entered the home of the "big red apple," the fruit region of Arkansas.

Both Mountains and Prairie. The country in the east and north is rugged and mountainous. To the south and west, it is a fine rolling country dotted with farms, each having an orchard of greater or less extent, also the small fruits. This little strip is strictly up to date with its water works, electric lights and telephone, an ice plant where they make ice to sell, also cider which they condense five to one, a flour mill 150 barrels daily capacity, cooper shop, two lumber yards, planing mill, two banks, an elegant school system, plenty of churches, two hotels, several boarding houses and all lines of business carried on in first class shape. One mile east of the town are the Electric Springs, which are getting to be quite a noted health resort, near by are several lime kilns of the never stop order. Stone is going in at the top and the lime is coming out at the bottom at intervals and the fires never stop except on the Sabbath. And I will say right here, that the people as a whole, in this little strip of country I am describing, are a law-abiding, God-fearing class. There is not a single saloon, nor do they allow the druggist to sell any liquors except for medicinal and mechanical purposes. The daily output of lime is at this point, 450 barrels per day. There were shipped from Benton county, 300 cars of lime, 175 barrels per car, and 1500 cars of apples last year. It is the county seat, a city of 3,000 people, an old town of perhaps eighty or ninety years, it shows more of the old time southern character, although there are a great many northern people in and about the town. I like the character of the soil and lay of the lands here so far as I could observe better than at Rogers. Still we found the soils everywhere to be very productive, even upon the highest mountain top. There is a road seven miles long connecting it with Rogers and the main line, which is owned and operated by citizens of the town. There are two distilleries here, one said to be the largest apple brandy distillery in the world.

Visited Springdale.

Returning to Rogers we next went to Springdale. It is situated just over the line in Washington county, and on the main line of railroads here we found a smart little town of two thousand people, who are almost all northern people from every state in the union almost, many have been in the country there for twenty-five years. We here expressed a more united effort to advance the interest of town and country alike than at any other point we visited. Business of every variety is well represented; two banks, two hotels, seven churches, a college, a large high school and other school building with seven hundred and fifty children attending now. The town is situated on the railroad.

at a point with advantages over all others. The country to the east runs out between the Ozark and Boston ranges, giving to the place a draw for fifty miles from products. It is the only point where a cross line can get out through the mountains. To the east, to the west the country is fine rolling table lands, dotted all over with thrifty farms and beautiful orchards. I say beautiful, yes, they are so, the trees look so fine and healthy, that their barks look as though it had just been varnished. I tried to imagine them all in bloom. What a sight it must be to stand upon some of those high hills and look for miles in every direction upon one vast orchard in bloom. We saw one orchard here of one hundred and sixty acres five year old trees, and many of twenty to forty acres each. The cultivation of small fruits has just started here in earnest. I saw one field of eighty acres of strawberries put out this spring. The roads out from this place are the best on the range, many of them as fine as those to the east of this city. We found a large canning factory for putting up fruits and vegetables. It did an immense business last year. Also in evaporating apples, which is a great industry all along the line. There is one large lumber yard and planing mill combined here. A broom factory, a small flour mill and business in all lines carried on in good shape; a good brick factory where they make a good strong, red brick; lime is burned in great quantities, the same as at Rogers, Washington County. Shipped 350 cars of lime last year, 1,600 cars of apples, and from this little station 200 cars stock, 15 cars strawberries. Poultry and eggs are a great thing all along. This county paid out \$90,000 for them last year.

Stave Mill Built.

There is to be a stave mill put in operation here immediately to cut all kind of staves, hoops, heads, etc., for loose and tight work. Also vaneer stock for berry crates. It will be a great help to the town, by the amount of cash paid out to help, and for raw material in the vicinity, as all the hard wood will be drawn to the mill by team. This is the point from which the apples that took the premium at the World's Fair, also at the Mid-winter Fair in California, were grown and shipped. From here we went to Fayetteville, the seat of government for Washington county. Here we found a beautiful little city of 5,000 people, nestled away in the mountains, at an altitude of 1,800 feet, overlooking the White and Illinois Rivers, but a few miles away; here we found business upon a larger scale than at any other point; but like Bentonville, with the landmarks of the early part of the century upon it. Still we could see the marks of progressive ideas on every hand. Its colleges and schools, with the state agricultural farm and university, with three hundred students now attending, makes it carry with them the spirit of the age we live in. There are several lines of manufacturing carried on here. A hub, spoke and shaping mill, a roller flour mill, which, by the way, is the most complete mill I have seen in many a day, owned and operated by one of the most genial men we met in the whole trip. There are three lumber yards, one planing mill, and other factories of smaller dimensions. To the east one mile, is the highest point of land in the state, a sugar loaf mountain with an altitude of 2,050 feet. Here on top we found an Iowa man had started a farm and home, paying \$55 per acre for the bare land. He was an intelligent man, and has started on the right track to make it a success. He had a good new house built, with a cellar, which he had to drain; his well was only twenty feet, and good spring water in it, too. All the waters of this country is of spring character, and a great many are mineral of different types.

Soil Is Very Fertile.

The soil up there was very fertile; we saw corn stalks 2½ inches in diameter, and he said the corn was planted the last of June, but matured perfectly. He raised two crops of potatoes, one, the early, for the market, the late, for himself. This was a morning's ramble we enjoyed, although there was snow upon the ground and a stiff breeze blowing. We felt refreshed by the walk, and ate a good, hearty dinner after it. In the afternoon we took a ride out to the government cemetery near the city, to the south. It's a most beautiful spot, which I will describe at some future time. From there we drove eight or ten miles to Farmington, a four-corner country town, in the midst of a splendid farming district. We saw many orchards and splendid fields of winter wheat, which looked old fashioned and good to the eyes. We saw among the timbers plenty of black walnut, cherry, sycamore, two or three kinds of oak, and hickory. The whole country abounds in such timbers, and the people do not realize its value, and use it promiscuously, even fine walnut, for fire wood. The roads were bad, which is a general feature of this country, except at Springdale. But time and northern ideas and energy, with the material at hand, will make them as good as any country wants. Now I have taken you over the whole line, so far as I went. My partner, Mr. Lovejoy, went to Fort Smith, and he must tell you of that city and country. This section of country over which I have been is fast filling up with northern and western people,

making new homes out of old ones and upon the virgin soil too; and I predict that during the next five years it will be hard to get a desirable location near the railroad or towns except by paying the extra price of growth and improvement, upon the basis of modern ideas, too.

Climate Is Fine.

The climate is delightful the year round, as compared with Wisconsin. It does not get so hot in summer nor so cold in winter. The lowest point the mercury reached last winter was ten degrees above, and only for one day at that. Last summer I watched and compared with this city, and we were ten degrees higher all the time. Another thing, the nights are always cool and bracing. We got up in the morning refreshed, always. There is a dampness in the air that chills one until you get used to it, but it is not unhealthy. We experienced some raw, chilly days while there, but what have you had in this country during March, and all over the east and west? Dr. St. John told us last spring that the climate in the Ozark Range was the best in the United States, a ring none. And now I honestly believe him. As to sickness, people get sick in all climates, else there would be no deaths, and there would be too many Methuselahs. It is a good place for rheumatic troubles. Its waters as well as its climate have great curative powers. Diphtheria is unknown there. There are cases of pneumonia, but of a light type. The percentage of fatalities is light, and nothing to be compared with the north. The reason for so many old settlers wanting to sell out, I attribute to the push of the northern element among them. They cannot stand the pressure and want to get away into the backwoods, farther.

Old Estates For Sale.

Also, there are many old estates that are being sold by the heirs. That part of the state has had a hard name for many years, and years ago, just so, but now, and for a great many years, it has not deserved the name. If one will look up the war record of this district, you will see plainly how both armies handled those desperadoes, and since, I can best illustrate it by relating an experience of Dan Voorhes, in Indiana, in a campaign against prohibition. He was talking to a backwoods gathering when he asked this question: "If you vote for and carry prohibition, what will you do with these great crops of corn?" An old butternut farmer got up and asked: "Mr. Voorhes, want that question answered?" Mr. Voorhes said, "yes, he did!" Well, said the farmer, "We will raise more hogs and less hell, sir."

Thus it is with this Arkansas country, the people are raising more hogs, corn, grain, fruit, children and school houses, and less hell. There are in Washington county, seventy-five district schools. I never was among a class of people that extended more generous welcome. I am back here for a short time and try and get others to see, as I have, the business opportunities there for sale. The result is, I am here as a representative of property interest, at all four points I have described. I will be here until the 7th and longer, if I get the proper encouragement. I will be pleased to show what I have to offer; also to answer any and all questions to the best of my knowledge. My headquarters are at the Railroad Hotel. Will be pleased to meet all those who contemplate a move for health or business.

Respectfully Yours,

B. D. ROCKWOOD.

BELOIT WARD NOMINATIONS.

The Republicans Name Candidates For Aldermen and Supervisors.

The Beloit republicans have nominated the following aldermen and supervisors:

First Ward—Alderman, W. H. Taylor. Supervisor, T. B. Bailey.
Second Ward—Alderman, Dr. Buckridge. Supervisor, George H. Cram.
Third Ward—Alderman, Frank Martin. Supervisor, Samuel Smith.
Fourth Ward—Alderman, H. W. Ford. Supervisor, L. W. Kendall.

A Word to the Ladies.

ALREADY the people are looking for spring shoes. Have you decided what kind of a shoe you are going to wear? If not, come in and see our lines. If it is new we are sure to have it. A. Richardson Shoe Co.

INTERESTING SCENE ON MOUNT ZION.

EDITOR GAZETTE—In the fall of 1854, Rev. Joseph Steele Gallagher, a Presbyterian clergyman in New Jersey, told the writer of this article, then a theological student in New York City, that he served as commissary general in the American Army which pursued Blackhawk in 1832 northward along the Rock River Valley. After crossing the southern boundary of Wisconsin this army encamped for the night about a mile north of the present city of Beloit and near the east bank of Rock River. It marched the following day, July 1st, in the northern and northeasterly course across the prairie a little to the east of Janesville, and at evening reached Storr's Lake in the town of Milton.

Rev. Mr. Gallagher said that on this day's march he rode out with an orderly for a brief time to quite a high bluff not far distant from the main line of soldiers. This place was, without doubt, Mount Zion. He found spread out before him a view of surpassing loveliness, and one never to be forgotten by him. The army had disappeared along Indian trails into a thick oak grove to the northwest. Not a cloud was in the sky. A gentle breeze waved the prairie grass in every direction. There were flying about some birds, such as the meadow lark, the robin, and the blue-bird. Millions of bright colored flowers, such as the yellow pink, the cranesbill and the shooting star grew upon the slopes and level reaches of land all about him and in the near distance. After gazing at the scene in ecstasy of delight and filled with a sudden inspiration, he exclaimed with a loud voice, "Oh, when will this paradise of God bear the sound of the church-going bell and the merry shout of children returning home from school?"

Prophecy Came True.

The prophetic wish of this devout christian officer has had a striking fulfillment. Within seven years, the two chief agencies for the advancement of modern civilization, which he had in mind, were busily at work in the several points in the landscape lying before his eyes from the spot where he stood. By the winter of 1836 and '37, a private school, with ten or twelve large-sized scholars, was kept in a newly built log house near Spring Brook, on the east side of Rock River, within the bounds of Janesville, some of whose church steeples, one of whose high school buildings, and other public edifices are now clearly seen five miles to the south of west from Mount Zion. This school was taught by Hon. Hiram Brown, now of Green county; and one of his scholars was the daughter of Judge William Holmes, Mary Catherine, just budding into young womanhood. She is now the wife of Volney Atwood, of Janesville, and the oldest surviving settler in Rock county. She distinctly remembers the formation of this school, the earliest kept in the county, and held about three years before a public one was taught in Janesville.

Next School a Private One.

It appears that the next school was also a private one, with a few boys, kept by a Mrs. Atwood in 1837 in her own home at Beloit, soon after the New England Emigrant Company had settled in that place. In the following year a public school was established here. Any one now standing on Mount Zion can, on a clear day, discern the steeples of churches erected near this humble home, and rising above the horizon from this city, fourteen miles to the west of south.

Other public and private schools were formed within two or three years afterwards in small villages and in country districts on the prairie and in the oak openings, within the range of six or seven miles from the bluff above mentioned. In 1843 a female seminary was opened in Beloit and in the following year academies for both sexes, in Janesville and Milton, the latter place being five miles due north from Mount Zion, but not seen from it owing to the heavy growth of trees, between them.

Now within an irregular circle extending from six to fourteen miles from this spot, are gathered thousands of children and youth in the country schools, in the graded and high schools of the villages and cities

(Continued on Page 3.)

THE BIG STORE 20, 22, 24, 26, S. MAIN ST., JANESVILLE, WIS.
WE KEEP THE QUALITY UP

There is MONEY

in it for you to come to our great sale of goods damaged by smoke. People who came the first day and could not get satisfactorily waited on will do well to call again as there are plenty of bargains left.

CURTAINS

Rich; handsome styles that can be bought during the great sale at

Prices Mere Shadows

of what they were. Such an unusually large variety to select from as The Big Store shows at present way-under figures, is inducement enough for anyone to buy now. Prices and styles will appeal to your purse in a manner that will convince you quickly that such a chance to beautify the house at moderate cost was never before presented.

The Great Sale. will be continued for a number of days as such a large stock cannot be sold out at once. Hundreds of good things await the bargain seeker.

6c Gingham at..... 4c
8c Gingham at..... 5c
12 1-2c Gingham at.... 6c
25c Gingham at..... 10c

Excellent styles and qualities, and they are going—just think of fine French Gingham at 10c.

Table Linens, Blankets, Comforts, Flannels, Calicoes, Outings, Eider Downs, Crash, Wash Goods.

A large stock of these goods in the sale, all at prices that mean a big saving.

Why Because

Do people buy Hood's Sarsaparilla in preference to any other, in fact almost to the exclusion of all others? They know from actual use that Hood's is the best, i. e., it cures when others fail. Hood's Sarsaparilla is still made under the personal supervision of the educated pharmacists who originated it. The question of best is just as positively decided in favor of Hood's as the question of comparative sales. Another thing: Every advertisement of Hood's Sarsaparilla is true, is honest.

Hood's Sarsaparilla
Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.
Hood's Pills are the only pills to take with Hood's Sarsaparilla.

It's a Fact.

I am making Pants at present and charging only \$7.00 and \$8.00 for them that would cost you \$10.00 and \$12.00 other places. There is no fiction about the statement as you can easily see by examining my samples. I have taken a number of orders for those \$4.50 and \$5.00 Pants and all I have made have proven very satisfactory. Bring your repairing, cleaning and mending to me. I'll do it well add reasonably cheap.

A. A. KAPELSKI.

Dr. Menzies' old office.

IMPROVEMENTS.

THE THISTLE has always been famous for the number of original ideas which it embodied. It was the first narrow tread wheel built and the first light wheel made in America. It has always been ahead of the times—not merely days—but years. For '96 the wheel has many improvements.

THISTLE

ments. They are characteristic THISTLE improvements, which originate with the mechanics who build the wheel. The needs of the rider have been carefully studied in the '96 THISTLE. It is a wheel better adapted for the use of all classes of riders and for all riding than any bicycle ever put on the market. It will remain as in the past. The LIGHTEST, FASTEST, STRONGEST. See it at the Y. M. C. A. Building this week, stall No. 5.

SPRING VALLEY WOMEN AT WORK

They Organize a Society to Help the Poor.

Spring Valley, April 2.—The young ladies met at Mrs. Will Harper's and organized a society to benefit the poor and for Sunday school work of the county. They started in with eleven charter members. The officers elected are as follows: Miss Bee Harper, president; Miss Susie Harper, vice president; Mrs. Tina Lawton, secretary; Mrs. Anna Palmer, treasurer. They meet twice a month, and the next meeting will be held at Mrs. Anna Palmer's. Sawing wood is all she go. Bliss Bros. and N. M. Sykes' saws are kept busy. Otto Hagermann's brother-in-law from Evansville, made his family a visit one day last week. There was another spelling school at the school last Wednesday night. Mr. and Mrs. H. J. Lawton spent a few days with Mr. and Mrs. C. O. Lawton on the old farm last week. Robert Smith died last Saturday and was buried Sunday afternoon at the Scotch cemetery. Particulars later. Two fine showers visited us on Saturday. Jencks Bliss, while helping his son move a windmill for J. Ward of Magnolia, had the misfortune to have the crank fly over on the windlass and break his arm. Ed. Caple has sold his farm to John Rossiter and moving onto his sister's farm which he bought, being the John Caple farm. N. N. Palmer was drawing feed from Brodhead last Saturday. The Spring Valley creamery is offering to contract milk for a year. J. W. Fuller sold a big string of rail fence for wood the other day. A good many attended the funeral of Mrs. James Ennis of Orfordville, last Saturday at Brodhead. Now is the time of the year to get your plows ready for business. School began at the Scotch school on March 30, Mrs. Maggie Mason, of Brodhead, as teacher. H. Heath bought some hay last week, and is drawing it home. A. T. Leng is breaking colts, for a change. Mr. and Mrs. L. N. Bowles spent a day with H. J. Lawton, of Brodhead, one day last week. Every good, honest republican, is happy over the way our state convention turned out, and there is not a democrat now around the corners. C. A. Roberts' little son is better. Garatin & Rossiter drilled a well for C. O. Lawton last week. Henry Bernstein is going to work for J. B. Oliver again this summer. It is the question of the town now, license or no license. The plow has commenced to turn the sod over again in this neighborhood. We understand that D. Hastings, of Brodhead, is to work in the Spring Valley creamery.

BITS OF LOCAL NEWS

TAKE a look at our show window if you want to see some strictly up-to-date footwear in ladies' gents', Misses' and children's lines. They cannot be equaled in the city. A Richardson Shoe Co.

Hor stuff? Well, I guess so. That's what everyone says when they see our line of Misses' children's and babies' shoes, made on 20th century lasts. Have you seen them? A Richardson Shoe Co.

Bargains This Week or Until Sold.

Convention Will Meet May 14.
Tacoma, Wash., April 2.—The republican state central committee has fixed May 14 at Everett as the time and place of holding a state convention to elect delegates to the St. Louis convention.

A KID, tur-un-med mitten has been left at this office. Owner may have same by proving property and paying for this notice.

NEWS OF THE DAY IN TOWN.

Ask for "Lyonettes" and get the best 5 cent cigar on the market. Will sell bran \$9 per ton for one week. Hodson Mills.

Five choice building lots for sale at a bargain. For price and particulars call on J. H. Gately.

A new invoice of glassware just arrived this morning. Many late patterns included in the lot. Lowell Cash Store.

We have a second hand boy's wheel. In excellent repair, for \$12, and it won't be here long at that price. Lowell's Cash Store.

Tin work, stove and furnace work of all kinds a specialty with us. We have men of long experience to attend to it. Lowell Hardware Co.

You will want a new pair of shoes for Easter. The place to get them right and have them right after you have them, is at Brown Bros. & Lincoln's.

If you are going to purchase a wheel this year we can save you money on it. We sell you a good bicycle and make you a right price. Lowell's Cash Store.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Risers, the famous little pills. C. D. Stevens

How do you know you are getting your shoes right unless you see ours? And you want the right shoes at the right price and the right place to get them is at Brown Bros. & Lincoln's.

Do not try to dress up your feet in old style shoes because they tell you they are cheap. You know they are not. We will make a lower price on out-of-date goods than any other house in the city. That is for what few we have. Brown Bros. & Lincoln.

THE STUDIO GIRL.

AN INTERESTING LETTER FROM A YOUNG LADIES' COLLEGE.

Race Between the Sexes for Education. Health Impaired by Incessant Study.

The race between the sexes for education is to-day very close.

Ambitious girls work incessantly over their studies, and are often brought to a halt, through having sacrificed the physical to the mental.

Then begin those ailments that must be removed at once, or they will produce constant suffering. Headache, dizziness, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, nervousness and blues, with lack of confidence; these are positive signs that women's arch enemy is at hand.

The following letter was received by Mrs. Pinkham in May, one month after the young lady had first written, giving symptoms, and asking advice. She was ill and in great distress of mind, feeling she would not hold out till graduation, and the doctor had advised her to go home.

— College, Mass.

You dear Woman:—

I should have written to you before, but you said wait a month. We are taught that the days of miracles are past. Pray what is my case? I have taken the Vegetable Compound faithfully, and obeyed you implicitly, and am free from all my ills. I was a very, very sick girl. Am keeping well up in my class, and hope to do you and myself credit at graduation. ** My gratitude cannot find expression in words. Your sincere friend, MARY

P. S. Some of the other girls are now using the Compound. It benefits them all.

Lydia E. Pinkham's Vegetable Compound is the only safe, sure and effectual remedy in such cases, as it removes the cause, purifies and invigorates the system, and gives energy and vitality.

ERIE MEDICAL CO., Buffalo, N. Y.

Important to Horse and Cattle Owners.

The highest prices paid for all dead or worn out horses and cattle, for rendering purposes, which will be removed at once from the city or within a distance of ten miles of Janesville. ELECTION NOTICE.

OFFICE OF CITY CLERK, March 31, 1896.

To the Electors of the City of Janesville:

Notice is hereby given that a "Judicial and Municipal" election is to be held in the several wards and election precincts in the city of Janesville, on the 7th day of April, 1896, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone, to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate, in any manner, whom to vote for. The voter must make a cross, X, after the name of each person he desires to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, and land him his ballot to be placed in the ballot box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot can have assistance of one or two election officers in marking the same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

DEMOCRATIC TICKET.	REPUBLICAN TICKET.
MUNICIPAL TICKET.	
For City Treasurer.....FRANK C. HASELTON.....	JAMES A. FATHERS.....
For City Attorney.....HORACE McELROY.....	THOMAS S. NOLAN.....

They are Always Sold for \$5.00

and sometimes for \$6.00.

TAKE NOTICE: Don't come Monday or next week to secure the special prices. NOW OR NEVER.

BROWN BROTHERS & LINCOLN.

MARK EACH NAME ON THE TICKET

ONE CROSS NOT SUFFICIENT
THIS SPRING.

"Straight Tickets" Cannot Be Voted By Simply Putting the "X" at The Top—Square to Be Omitted—The Fifth Ward Aldermanic Fight Is Ended.

You cannot mark an "X" at the top of the official ballot this year, and have it counted as a "straight ticket," but must mark each name separately. This discovery was made in reading over the registry and election laws in force April 9, 1896, as sent out by Secretary of State Henry Casson. The law sets forth the manner in which the election shall be conducted; the way in which ballots are secured from the clerks, etc., and then continues:

"Or if it be a judicial, municipal or school election, these words are to be employed:

"The voter must make a cross after 'name of each person he desires to vote for. If he wishes to vote for a 'person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner."

At a "general election" the cross at the top carries a vote for all names underneath; but according to the law above mentioned, this does not apply to a "municipal election."

Acting City Clerk Fathers submitted the matter to City Attorney McElroy this morning; and he recommended that the squares at the top be omitted, to prevent confusion.

The Enemy Is Disorganized.

The local democracy is still disorganized. The official organ doesn't print the ticket more than half the time, and when it does appear, it is incorrect. They are still proclaiming L. F. Knipp to be the candidate for supervisor in the first ward, notwithstanding that he has declined, and his name is cut off of the ballot in the city clerk's legal notice.

A few days ago, they announced that E. H. Murdock was to take N. Carlson's place as candidate for alderman in the Second ward. Today, however, they erase Murdock's name and put Carlson's back on the list, notwithstanding that he has declined and cannot now be a candidate. No candidate for school commissioner has been selected in this ward as yet, although John M. Kneff declined the day after the caucus.

In the Third ward list the name of John Harvey still appears, although it is still appended to the words "for street commissioner" in the city ticket.

The Fifth ward ticket in the official organ is headed "For alderman Bartholomew Spence," although Spence has declined, and Edward Smith's name is substituted.

Smith Wins in the Fight.

The fifth ward democratic fight is apparently at an end, and up to date Edward Smith, the defeated caucus nominee for alderman, is on top. It is said that this nomination must stand and that Mr. Spence's action in withdrawing is not legal. Therefore the anti-Smith men cannot get Spence on the ticket again. Neither can an independent candidate be put in the field as the necessary ten days notice provision cannot now be complied with.

The dissatisfied element in the Fifth ward tell a story as to how Spence was induced to decline. They say that men called on him at all hours of the day and night and that the members of the "Whitelight club," were active in this connection. The man who secured Mr. Spence's declination, a good democrat told a Gazette man yesterday, was not even a resident of the ward, but was delegated to do the business if possible. The Fifth ward is changed with democratic mutterings and profanity. The Smith men taunt the anti-Smith men with the fact that they have been outwitted, while the anti-Smith men—and the caucus was full of them—greet their teeth and say nothing. The anti-Smith men charge that "the bosses" put Smith on the ticket after the people had turned him down, and that they kept Mr. Spence in hot water until their end was accomplished. The Smith men, on the other hand, charge that the caucus was manipulated, and therefore not a fair representation of the people.

BOWLERS TO MEET THIS EVENING

Stoughton and Janesville Team Will Meet in a Match Game.

Bowlers from Stoughton will play the Janesville Bowling club this evening at the alley in the basement of the armory block. Those who will comprise the local team are T. F. Dermody, William Rober, O. O'Brien, William Macon, Michael Brimmagin and T. F. McKeigue.

SMALL FIRE THIS AFTERNOON

Department Had to Run to Put Out a Little Blaze.

A small blaze in the Wilcox building, at the corner of South River and Dodge street, caused an alarm to be turned in at the West side station at 2 o'clock this afternoon. The blaze was extinguished with but little damage.

\$3 covers the cost to you on the most expensive shoe in the house. Of course everything else is reduced proportionately. Becker & Woodruff.

ECHOES OF THE DAY IN TOWN

ATTEND prayer meeting tonight.

G. W. Wiser's setter dog died today. The Light Infantry will drill to-night.

YUBA Circle Golden Band meets to-night.

For reliable shoes see A. Richardson Shoe Co.

LOST—A pug dog puppy who answers to the name of "Boney." Finder leave at Thompson's grocery and receive reward.

THE infant son of Mr. and Mrs. Charles Cullen died yesterday afternoon, the interment taking place this afternoon at Mt. Olivet.

FIRE this morning destroyed a dwelling with all its contents, at the Schleisinger farm, five miles south of the city on the Beloit road.

CITY CLERK BADGER is confined to his home by an attack of quinsy sore throat and City Treasurer Fathers is acting as clerk in his stead.

THE C. & N. W. vestibule train was an hour and a half late this morning, owing to the heavy snowfall in the northern part of the state.

SMOKE sales are not daily happenings—neither are such figures on desirable gingham and calicoes as we are now making. J. M. Bostwick & Sons.

MRS. L. H. BECKER started for Helena, Montana, from Freeport, Ill., yesterday, and will be the guest of her sister, Mrs. H. C. Smith, while there.

EACH day sees a liberal number of new customers at the smoke sale. We have goods enough to interest the people for days and prices were never so low for good goods. J. M. Bostwick & Sons.

ARTISTIC candlesticks and candleabra in gilt and brass are suggested by A. F. Hall & Co., "the reliable jeweler," as appropriate for Easter gifts. They have just received a new lot of beautiful designs.

AN Easter spoon is acceptable always. Make your selection early enough to have it properly engraved. A. F. Hall & Co., "the reliable jeweler," have all weights and patterns at moderate prices.

You cannot see such an assortment of beautiful curtains elsewhere in southern Wisconsin and the prices that prevail are remarkable for their lowness. Smoke sale the cause. J. M. Bostwick & Sons.

JOHN KOERNER, who has been with E. B. Helmstreet for some time past, has bought a drug store at Wauwatosa, and will go there as soon as he can arrange his affairs. The store is said to be one of the finest in the state.

HOMER TUCKER, whose "stage name" is "Harry King, the Paper King," is home, and has been giving exhibitions of paper tearing in J. D. Holmes' window. He has a solid gold medal, presented to him by Richard K. Fox, of New York.

THE ladies of All Souls church will hold their Easter bazaar Saturday April 4, from 2 until 6 o'clock. All kinds of fancy articles suitable for Easter gifts; also cakes, cookies, brown bread and beans will be for sale. Ice cream and cake served during the afternoon.

ALL IS NOW READY FOR THE BIG SHOW

BICYCLE EXHIBITION WILL
OPEN TOMORROW.

Band Concerts Will Be a Feature—

Names of Exhibitors—The New Members Taken In—Planning For a Base Ball Team—Other Y. M. C. A. News and Notes.

Arrangements are about completed for the grand bicycle show in the Y. M. C. A. building tomorrow and Saturday. The exhibition will open Friday evening at 7:30 o'clock, and continue all day Saturday and Sunday evening. Nearly every dealer in town will have a magnificent exhibit and a better opportunity for examining the different makes of wheels could not be found. An admission of ten cents will be charged so that all can afford to go. The band concerts on Friday and Saturday evenings will alone be worth three or four times the price. The different stalls will be fixed up in a pleasing and attractive manner, and it will doubtless be a surprise to the general public to see how many wheels there are represented in Janesville. Wheelmen all say that, for its size, Janesville is the greatest wheel town they know of.

The Exhibitors.

The following is the list of exhibitors:

Stall 1—James Sutherland & Son's.
Stall 2—E. J. Kent.
Stall 3—C. D. Stevens.
Stall 4—F. A. Taylor.
Stall 5—Nolan Bros.
Stall 6—H. F. Nott.
Stall 7—Walter Helms.
Stalls 8 and 9—A. H. Sheldon & Co.
Stall 11—C. S. & E. W. Putnam.
Stall 12—Stearns & Baker.
Stalls 13 and 14—E. O. Smith & Co.
Stall 15—William Rothemel.
Stall 16—King & Skelly.
Stalls 18 and 19—F. Randall.

There are a few more stalls to be taken by dealers if they can get their wheels here in time. Besides the wheels, the A. Richardson Shoe Company will probably have a fine exhibit of bicycle shoes, and T. J. Zeigler a line of bicycle suits. E. O. Smith & Co. will have on exhibition the wonderful "Fowler sextette."

Organize Base Ball Team.

The first move towards the organization of a base ball team was made yesterday afternoon at Athletic Park. Fifteen young men under the direction of Secretary Kline spent the afternoon in a general practice game and although the wind was blowing a gale some good work was done the honors being easily carried away by Chester Brewer, Fred Blakely, J. C. Kline and Walter Johnson. Physical Director Dixon will soon take the work on hand. The object of the practice games is to select a "first team" who will represent the association while as many other teams will be formed as there are players.

Both Secretary J. C. Kline and Physical Director S. S. Dixon are experts in the art of base ball playing, and Director Dixon is classed as an expert professional.

Build Temporary Sheds.

A temporary building for the accommodation of one hundred and fifty bicycles will soon be erected near the building. It is estimated now that fully one hundred and fifty young men who belong to the Association will ride wheels the coming summer and a place for their storage must be provided. W. H. Blair, who owns the property on the west side of the building, has kindly offered a part of his lot and if satisfactory arrangements can be made, a shed to accommodate the wheels will be erected there before many days.

New Members Join.

New members are being added daily to the list and before long the mark will reach five hundred. Among those who have joined of late are:

W. E. Gunn, C. G. McDonald,
G. C. Baker, E. E. Burdick,
J. L. Fletcher, Eugene Rowe,
G. E. King, J. F. Sweeney,
R. D. Simpson, R. J. Bear,
Fred Blakely, J. W. Boyes,
Frank Reynolds, C. F. Balch.

Want Out Door Grounds.

A movement is now on foot to secure ground near the building for outdoor sports. Athletic Park is so far from the building to be used for an every day practice ground as immediately after the games the young men should step into the building and indulge in a bath which can not be done if the work is done at Athletic Park.

Athletic Plans Made.

Physical Director Dixon has begun to map out the summer's work in the field, and besides making base ball and tennis a leading feature cross country runs will be an every day occurrence. The leading sports to be indulged in are pole vaulting, hammer throwing, putting the shot, high jump, sprinting and long distance running.

Cleveland's Stall Is No. 3.

The exhibit of bicycles, commencing Friday evening of this week, at the Y. M. C. A. building, will attract a number of wheels and bicycle enthusiasts. A large crowd of people is expected and the Cleveland, represented by C. D. Stevens, will be in its glory. The stall number is 3, and the person who fails to thoroughly inspect it will make a great mistake. One of the most distinctive features of the Cleveland are the Burwell bearings, the first dust-proof bearing to be introduced into bicycle construction. They are absolutely dust-proof and have added much to the popularity of the wheel.

THE PEOPLE WHO COME AND GO

S. D. GRUBB is home from Chicago. Miss NELLIE RANCUS spent the day in Chicago.

HARRY GOLDING has gone to Du-

buque. GEORGE BUCHHOLZ is down from Madison.

MRS. A. F. SPOONER is visiting at Rockford.

REV. JOHN J. LUGG was down from Jefferson today.

ATTORNEY C. E. PIERCE was in Lancaster yesterday.

ROBERT HODGESS, of Chicago, is the guest of Philip Ohlweiler.

DR. G. S. AKIN of Jefferson, was the guest of Dr. R. W. Edden today.

F. V. CORNISH, manager of the U. W. glee and mandolin clubs, was in town today.

MABLE GLENN is spending her vacation at Johnston with her sister, Mrs. Roy Cary.

MRS. H. V. ALLEN was in Rockford today, to attend the funeral of her grandmother.

MRS. MARY TAYLOR of Owego, N. Y., is visiting her cousin, Mrs. J. L. Bear and Mrs. A. M. Glenn.

MISS MILLIE WRIGHT who has been the guest of Mr. and Mrs. A. F. Spooner for the past four weeks has returned to her home in New York City.

MR. REED of Milwaukee, superintendent of the Prudential Insurance Company has been in the city the past two days looking after the interests of the company.

THE SALE AN IMPERATIVE ONE

Becker & Woodruff Shoe Stock Must Be Disposed of at Once.

The great shoe price reductions made by Becker & Woodruff today are simply wonderful considering the quality, style and workmanship of the stock in general. The best shoe in the house goes at \$3 and from that down to 75 cents, footwear can be purchased that is worth, and cannot be bought for less than twice the amount usually. The actual cost on many of the shoes is from \$3.50 to \$4.50. The sale is not a farce or a catch penny deal. We know that the cost of the goods cannot be realized by quick sales, but the stock must go, and that as soon as is possible. Mr. Becker's estate cannot be settled until this end is reached.

CLOTHING COMPANY SETTLES

Continental Firms Pay the City \$305 and Settle All Costs.

The Continental Clothing company today settled with the city paying license for sixty one days—\$305—and all costs. They also settled with Treasury Agent A. K. Cutts, so that it cost them about \$400 to get out of town. They offered to compromise some days ago, but Chief Acheson, who prevented them from leaving on Sunday morning refused to cut the bill down a cent.

Farewell Prices on Groceries.

At Vankirk's closing out sale you can buy:

Best three-pound apricots.....10
Best three-pound tomatoes.....7
Best three-pound peaches.....12 1/2
Best canned corn.....7
Good canned corn.....5
Best gallon apples.....20
Best pineapples.....8
Best peas.....10
All other canned goods less than cost.

The celebrated New York cider only twenty cents a gallon.

Of Interest to Gentlemen.

How about a patent leather shoe for spring and summer wear? Don't you need a pair? If you do we want to show you our new \$5.00 shoe made by Strong & Garfield Co. It is on orient last, plain tip, and altogether it is the most stylish shoe we have showed. You all know what kind of shoes are made by the above celebrated firm. Come in and see them even if you do not wish to buy. Richardson Shoe Co.

You can buy shoes at our store for 75 cents. \$1, \$1.50, \$1.75, \$2, \$2.75, \$3.00 but you can't pay any more for a pair. Becker & Woodruff.

A WEALTHY FARMER WAS FOUND DEAD.

PATRICK CONNELL LAY LIFE-
LESS IN A GRANARY.

Had Been Suffering From Mental Derangement and It is Supposed He Died From Mania and Exposure—Left the House at Night Nearly Naked.

Patrick Connell, a wealthy farmer in the town of Rock, was found dead this morning.

He was lying in a granary one hundred rods from the farm house.

For some time Mr. Connell has been acting queer, and it was thought that he was mentally unbalanced. He retired last evening the same as usual and seemed in good spirits, but some time during the night he got up and clad in his night clothes, wrapped an overcoat about him, and left the house.

Nothing wrong was suspected by the family until 5:30 o'clock this morning when it was found that Connell was missing from his room. A search was at once begun, and one of his neighbors, Ben Blesdale found him lying upon the floor of the granary. There were no marks of violence upon the body although his feet were partially frozen.

A coroner's jury was summoned this afternoon by Officer Hogan and Justice of the Peace M. P. Richardson, and accompanied by Dr. E. F. Woods and Undertaker D. Ryan left the city this afternoon to view the remains.

Mr. Connell was an old and respected resident of Rock county and leaves a wife and fifteen children.

Mania and exposure are supposed to have been the cause of his death. Beloit Woman Found Dead.

Beloit, April 2.—[Special.]—Mrs. J. M. Keep, who settled in Beloit in 1844, was found dead in bed this morning. She was the wife of Judge John M. Keep, the first judge of judicial district in southern Wisconsin, and was seventy-eight years old.

Sevaday Treadwell

Word has been received from Kilbourne City, of the death of Bayard Treadwell, aged 15, of appendicitis. He was a brother of Clarence Treadwell. Their home was in this city for several years and his many friends will regret his early death.

THE Fowler Sextet.

This famous machine, the first of its kind ever built, was originally shown at the Chicago Cycle Show on January 4th. Since then it has been exhibited in almost every large city in this country.

The machine, six of which the company is building, will be shown by picked teams and will be seen at all prominent race meets the coming season. One revolution of the pedals carries the machine 43 feet 3 inches, or 121 revolutions to a mile, and it is estimated that a mile in 30 seconds, on a straight-away course, will be attained before the season is far advanced.

This Sextet weighs but 17 1/2 pounds. It is geared to 153 with wheel base of 13 inches. Has 14 sprockets, 32 feet of chain and 73 feet of tubing. There are 372 separate and distinct parts used in the construction of this machine, and the estimated cost of each is \$3,700.00.

The FOWLER SEXTET will be on exhibition at the Y. M. C. A. Cycle Show April 4th. We sell wheels from \$30 up to \$100.

TEN DOLLAR BILL
FOR THE BEST ADGAZETTE'S APRIL OFFER TO
ITS FRIENDS.

The Person Who Comes Nearest to
Picking Out the Best Ad From The
Gazette Each Day in April Will
Be Presented With a Crisp Green-
back.

A ten dollar bill—crisp and fresh—
hangs in a frame, in the Gazette office.
What is it for?
Just this.

In every issue of The Gazette there
appear a good many pretty good ads
and a good many pretty poor ones.

The good ones bring profit to the
advertiser and cause his face to be
wreathed with smiles.

The poor ads cost just as much, but
produce less result, and induce a loss
of faith in the value of advertising.

This is all wrong!
We want more GOOD advertise-
ments.

The way to make a good advertise-
ment is to try to make a good one—
try hard.

To encourage good advertising The
Gazette inaugurates this friendly con-
test.

The \$10 bill goes to the reader who
selects the best display ads that ap-
pear in The Gazette during April—one
each day.

These are the conditions:

One display ad is to be clipped from each
issue of the Daily Gazette for April and marked
with voter's name and the date of issue.

The bunch of advertisements—one from each
issue in April—are to be mailed to the Gazette
before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they
choose.

The best ad for each day will be determined
by counting the ballots sent in at the end of the
month. No ad is to appear twice in one list.

The contest is confined to display ads—not
reading notices or locals. Janesville ads only.

Size, the typographical beauty and verbal
cleverness are not the essential qualities. The
"best ad" under the terms of this contest, is
the one that seems likely to draw the most busi-
ness. No matter if the wording be clumsy and
and the typography poor, the ad that brings re-
sults, is the best ad the world over.

The ad that makes a hundred people say
"That's a fine ad" is good, but the ad that makes
a dozen people buy, is better.

Read these conditions carefully, sub-
scribers and non-subscribers, and get
your scissors ready.

One Minute Cough Cure touches the
right spot. It also touches it at the
right time if you take it when you
have a cough or cold. See the point?
Then don't cough. C. D. Stevens.

It not only is so, it must be so. One
Minute Cough Cure acts quickly and
that's what makes it go. C. D. Ste-
vens

J. W. Pierce, Republic, Ia., says:
"I have used one minute Cough Cure
in my family and for myself, with re-
sults so entirely satisfactory that I
can hardly find words to express my-
self as to its merit. I will never fail
to recommend it to others, on every
occasion that presents itself. C. D.
Stevens

STATE OF WISCONSIN—Circuit Court
for Rock County. In the matter of
the insolvent estate of George Earl Wetmore,
commonly called Earl Wetmore, by whom a petition for
a discharge from his debts under Chapter 179 of
the Revised Statutes of Wisconsin was filed on
the 17th day of March, A. D. 1896.

TO WHOM IT MAY CONCERN:
In pursuance of an order made by the Hon.
John B. Bennett, Circuit Judge of said court,
dated March 17th, 1896, all creditors of said
George Earl Wetmore, commonly called Earl
Wetmore, are required to show cause, if they
have any before said Circuit Court at the
court house in the city of Janesville, Rock
County, Wisconsin, on the 12th day of May, A.
D. 1896, at ten o'clock in the forenoon of that
day, or soon thereafter, as the matter of said
petitioner can be heard, why said George Earl
Wetmore, commonly called Earl Wetmore,
should not be adjudged to be an insolvent de-
btor under the provisions of Chapter 179 of the Re-
vised Statutes of Wisconsin and the several acts
amendatory thereto, and why an assignment of
the estate of said George Earl Wetmore, com-
monly called Earl Wetmore, such insolvent
debtor, should not be made, and why he should
not be discharged from his debts, and why such
other and further order should not be made as
shall be just and equitable in the premises.

F. O. ADDRESS, Janesville, Rock Co., Wis.

STATE OF WISCONSIN—Circuit Court
for Rock County.
M. M. Phelps, as administrator of the estate
Thomas Kirk, deceased plaintiff; vs. James
Clark defendant.

The State of Wisconsin to the said defend-
ant:

You are hereby summoned to appear within
twenty days after service of this summons
exclusive of the day of service, and defend the
above entitled action in the court aforesaid, and
in case of your failure so to do, judgment will
be rendered against you according to the de-
mand of the complaint, of which a copy is here-
with upon you.

M. M. Phelps, Plaintiff's Atty.
P. O. Address, Janesville, Rock Co., Wis.

NOTICE TO CREDITORS, STATE OF WIS-
consin, County Court for Rock County, in
Probate.

Notice is hereby given that at the regular
term of the County Court, to be held in
and for said county, at the court house in the
city of Janesville, in said county, on the first
Tuesday of October, A. D. 1896, being Oct.
6th, 1896, at nine o'clock a. m. the following
matters will be heard and adjusted and ad-
justed: All claims against Hugh Menzies, late of
said county, in said county, deceased.

All such claims must be presented for allow-
ance to said court, at the court house in the
city of Janesville, in said county, on or before
the 11th day of September, A. D. 1896, or be
barred.—Dated March 11, 1896.

Centuries ago, peo-
ple used to fear what
they called the pes-
tilence. "Black
Death" was the
most terrible thing
in the world to them.
They feared it as
people now fear the
Cholera and Yellow
Fever. And yet
there is a thing that
causes more misery
and more deaths
than any of these.
It is so common that
nine-tenths of all
the sickness in the world is traceable to it.
It is merely that simple, common thing—
constipation. It makes people listless,
causes dizziness, headaches, loss of ap-
petite, loss of sleep, foul breath and distress
after eating. The little help needed is
furnished by Dr. Pierce's Pleasant Pellets.
One pill is a gentle laxative and two a mild
cathartic. Once used, always in favor. If
you are careless enough to let an unscrup-
ulous druggist sell you something on
which he makes more money, it is your
own fault if you do not get well. Be sure
and get Dr. Pierce's Pleasant Pellets.

HO! FOR MISSOURI.

There is certain to be a decided ac-
tivity in the sale of Missouri farms
this year. During the last six months
inquiry for improved farms in Missouri
has been greater than ever before.
There is no part of the West where
more inviting prospects abound for the
farmer, and but for the hard times all
over the country there would be an ac-
tual boom in Missouri. The farmer
who is looking for perpetual summer
and never failing deposits of moisture,
land that will raise abundant crops,
and other Eden-like conditions, which
everybody would like to have, will
search in vain for those conditions, but
if he will stop in Missouri and settle
down to business he can approach
nearer to his ideal than he can any-
where else in the Union. It has been
the experience of Missouri farmers,
that they have had as many blessings
of Nature and as great a degree of
prosperity as those of any other sec-
tion of our great country. Missouri no
longer turns the cold shoulder to home
seekers. There is not a nook or corner
of the state where the security of prop-
erty, now, is not as well assured as in
any other state in our land. Taxes
are generally very low, and very much
lower than they are in Wisconsin.
Political opinions are no bar to the en-
joyment of every right of citizenship.
Sure crops, ample transportation for
all products of the soil, convenient
markets, cheap fuel, mild climate,
abundance of timber of all kinds, pure
water, nutritious grasses, blue grass
pastures, and above all her vast crops
of all kinds of fruits are among the ad-
vantages to the farmer. No state or
locality leads MISSOURI in the pro-
duction of fine fruits. Not even France
or Spain, with their vast vineyards,
have any advantages over Missouri in
fruit-growing. In four years' time we
have sold over \$300,000 worth of im-
proved farms in Missouri. We are now
prepared to sell improved farms, in
thickly settled locations with lands as
good as any in Wisconsin, at from \$20
to \$40 per acre. We can furnish ex-
cursion rates to Macon, Mo.

We have A MOST BEAUTIFUL
FARM of 800 acres right at a station
of 3000 inhabitants on the Santa Fe
railway, in Lin Co., for sale at \$35 per
acre. The buildings and improvements
on this farm cost over \$12,000. Can
give time on two-thirds of price at six
per cent. interest.

WILSON LANE,
Attorney-at-Law,
JANESVILLE, - WIS.

Money to loan at 6 per
cent. on real estate.

ELECTION NOTICE.

OFFICE OF COUNTY CLERK,
March 28, 1896.

To the Electors of Rock County:
Notice is hereby given that a judicial election
is to be held in the several towns, wards and
election precincts in the county of Rock on the
seventh day of April, 1896, at which the officers
named below are to be chosen. The names of
the candidates for each office to be voted for
whose nominations have been certified to this
office are given under the title of the office and
under the appropriate party or other designa-
tion, each in its proper column.

Information to Voters.

The following instructions are given for the
information and guidance of voters:
A voter upon entering the polling place, and
giving his name and residence, will receive a
ballot from the ballot clerk, which must have
endorsed thereon the names or initials of both
ballot clerks, and no other can be used. Upon
receiving his ballot, voter must retire alone to a
booth or compartment and prepare the same for
voting. A ballot clerk may inform the
voter as to the proper manner of mark-
ing a ballot, but he must not
advise or indicate in any manner
whom to vote for. The voter must make a cross,
X, after the name of each person he desires to
vote for. If he wishes to vote for a person for a
certain office whose name is not on the ballot he
must write the name in the blank space under
the printed name of the candidate for the office.
The ballot should not be marked in any other
manner. If the ballot be spoiled it must be re-
turned to the ballot clerk, who must issue another
to any voter. Five minutes time is allowed in
booth to mark ballot. Unofficial ballots or mem-
orandum, to assist the voter in marking his bal-
lot, can be taken into the booth and may be
used to copy from. The ballot must not be
shown so that any person can see how it has
been marked by the voter. After it is marked
it should be folded so that the inside cannot be
seen, but so that the printed endorsements and
signatures of the ballot clerks on the outside
may be seen. Then the voter should pass out of
the booth, give his name to the inspector in
charge of the ballot box, hand him his ballot to
be placed in the box and pass out of the voting
place.

A voter who declares to the presiding officer
that he is unable to read, or that by reason of
physical disability he is unable to mark his bal-
lot, can have assistance of one or two election
officers in marking the same, to be chosen by
the voter. The presiding officer may administer
an oath, in his discretion, as to such person's
disability. The party designations and candi-
dates for the different offices are as follows:

For Justice of the
Court. For
Marshal. A Non-Par-
tisan Judi-
ciary.

W. J. MINTYRE,
County Clerk.

MONEY ON LOAN,
on real estate, quantities to suit.

Fire Insurance.

A good farm to rent. Can rent a
small farm, two to ten acres.

O. S. OLELAND—Phobus Block.
